

Hi,

I feel compelled to email after noticing an atmosphere amongst home and away bowlers. I feel sadly concerned, this is not a complaint or attack to Jackie or John. However it is quite obvious that Mr John Foster and his wife are becoming talked about and this is not a nice situation to have to witness.

A few weeks ago I saw Jackie Foster shouting and walking out onto the green, mid competition with a pint of beer in her hand beckoning loudly to John to take a drink to the amazement of everyone else. She was in no way perturbed and did it several times over and over again. Moreover I have heard numerous stories of nasty behaviour from John, towards home team players, as well as appalling behaviour directed at away players. It is starting to build a picture of bullying which is very worrying indeed.

The sad fact is that I think a simple chat to discuss could have nipped this in the bud a long time ago. There might be a good reason that his behaviour has changed and he could benefit by knowing what he is doing and others could understand better to gently help him refrain. Its not fair to let this continue, in regards to John apparently unaware of his behaviour and others who come into contact with him.

I hope you will deal with this as soon as possible and be kind enough to update me of the outcome. After all having a good atmosphere on the green is beneficial for everyone and promotes the club well.

kind regards,
